N

**biobased** 

***NEN bio-based content***  
**Conformity Mark**

This document contains only the products certified by Vinçotte.

A certificate number starting with " VIN " means that the product is certified by Vinçotte

Lists of products certified by other certification bodies are available on [www.biobasedcontent.eu](http://www.biobasedcontent.eu).

For the list of the products certified by Vinçotte, scan the QR code

*A finished product made of a "NEN bio-based" certified basic or raw material, does not automatically comply with the requirements of the "NEN bio-based" certification scheme. Because of the other unknown components that can be added to the finished product, this finished product needs to be submitted to "NEN bio-based" certification in order to have the permission to put the "NEN bio-based" label on this finished product.*

---

*The conformity of the products is guaranteed by the procedures for awarding and use of the 'NEN bio-based' conformity mark. This only applies to specimen bearing the 'NEN bio-based' label.*
